

To whom it may concern

Dear Sir/Madam,

RE: INTRODUCTION LETTER IN FAVOUR OF AN MCN VOLUNTEER

I am Sam Vaghar, the Executive Director and Co-founder of the Millennium Campus Network (MCN), United States Boston. Millennium Campus Network (MCN), Inc., is a global student network advancing the United Nations Sustainable Development Goals. MCN programs convene, challenge, and celebrate student leadership for social impact.

The Millennium Campus Network is a proud partner of Rise, an initiative of Schmidt Futures and the Rhodes Trust. Both MCN and Schmit Futures believe in the power and potential of youth leadership, along with the importance of finding young promising talents between the ages 15-17 and supporting them early. The aim is to provide structure, guidance and platform to young leaders in their journey of leadership, change and impact. Rise is a program that finds young promising teenagers and supports them for life. Learn more here: risefortheworld.org/mcn

In order to spread the word about this program to young people around the world, 100+ young people have volunteered worldwide to help us reach teenagers. If you are reading this letter, it likely means one of our volunteers has approached you to spread the word about this program with you and young people in your institution. Kindly consider this a verification of their identity as a volunteer recruiter, and an endorsement of their suitability to support young people interested in registering. This is a humble request on their behalf to offer them access and support to the extent you can. Please note registration to this program is completely free of charge for students, all they need is to register using an email address. Registration is open from October 2023 to January 2023 - with early applications strongly encouraged. I'm sure the volunteer can help provide more clarity, and in case of any questions, do reach us at contact@mcnpartners.org.

With thanks for your consideration,

Sam

A handwritten signature in black ink, appearing to read "Sam Vaghar", with a long horizontal flourish extending to the right.
